

DOCUMENTS

The only way to retrieve and validate documents under 10 seconds.

Your documents are now validated and ready to view.

With *Documents*, you can find any work-related documentation in less than 10 seconds. And because it is built into the core of TIKS, search results are updated instantly whenever files are changed or updated.

Documents make it easy to find what you're looking for, even if you do not know how to use a computer. *Documents* allow you to browse, search, print and validate your information in the one user-friendly interface.

Features:

- ✓ View the latest approved documents
- ✓ Validate documents in just one touch
- ✓ Built-in support for EMC Documentum, IBM Lotus Notes, Open Text Hummingbird, Aconex, SharePoint and more
- ✓ Scan and validate your documents
- ✓ Built-in version control ensuring that only the latest documents are displayed
