

## REPORTS

**Imagine the world without reports. Our world has TIKS reporting.**

### Real time data. Real time decisions.

Tracking your KPI's is now instantly available.

No hardware or maintenance required. Now your key business metrics are perfectly visualised and available on any device, enabling you to increase productivity time for Maintainers and increase field time for Supervisors.

**Features:**

- ✔ Increase productivity time for Maintainers
- ✔ Increase field time for Supervisors
- ✔ Print or view the latest metric reports
- ✔ Extract data and information from almost any source across multiple sites
- ✔ Scheduled reports can be sent out to specific people or groups on site
- ✔ Built in support for SAP
- ✔ Reduce end of month reporting time from weeks to minutes
